

HLR® Installation Case Study

University of Tennessee saves 34% overall

Overview

In August 2015, six HLR® modules were installed in Fletcher Hall, a century-old building that is the University's School of Business Administration, originally the City Public Library.

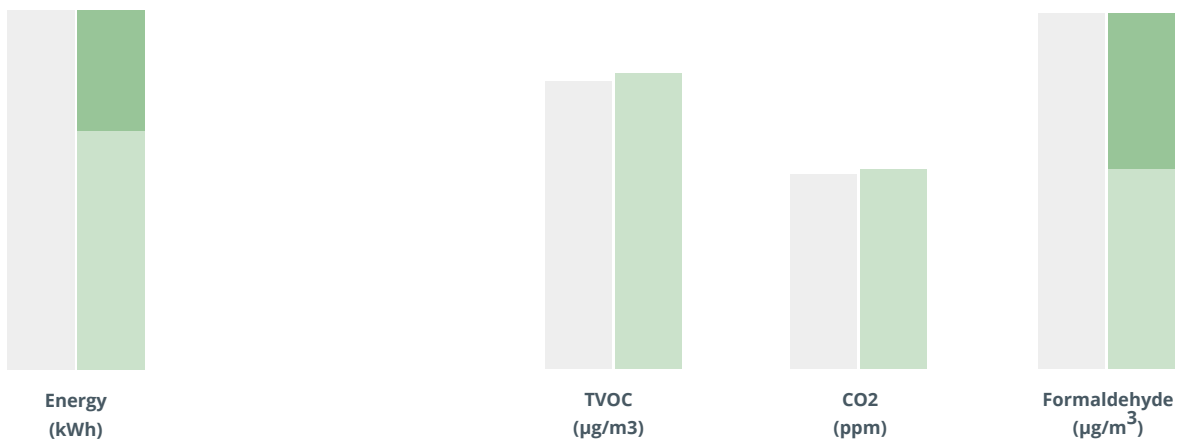

Outcomes

See below graph and summary of results comparing the impact of Conventional Mode to HLR® Savings Mode.

- Compliance with ASHRAE 62.1 IAQP

Without HLR With HLR HLR Improvement

Compliance with ASHRAE 62.1 IAQP
